

# NO CUTS TO MEDICAID

Dear

I am writing because I don't want the government to take away money from Medicaid.

Medicaid is really important for me. I am a person with a disability who receives services from the New Jersey Division of Developmental Disabilities, which is funded in large part by Medicaid. Services like day programs, job supports, transportation, therapy, nursing supports, dental care, and basic medical care are just some of the services paid for by Medicaid. If Congress cuts Medicaid, then these services will disappear, and that would make my life really hard.

Medicaid is important to me because

We have come too far as a country to strip people with disabilities of their dignity and basic human rights. The kind of cuts to Medicaid that are being discussed could force me to live in an institution, be homeless, or worse. Please stand by me and everyone with disabilities and use your power to stop these cuts to Medicaid.

Thank you.
