

NO CUTS TO MEDICAID

Dear

I am writing to you because I oppose any cuts to Medicaid.

Medicaid is a vital lifeline for my child. My child is a person with a disability who receives services from the New Jersey Division of Developmental Disabilities, which is funded in large part by Medicaid. Services such as day programming, community-based employment supports, transportation, therapy, nursing supports, dental care, and basic medical care are just some examples of the services funded largely by Medicaid. If Congress cuts Medicaid, then these services will disappear, and my child's life will be placed in serious jeopardy.

Medicaid is important to me because

We have come too far as a nation to strip people with disabilities of their dignity and basic human rights. The kind of cuts to Medicaid that are being discussed would relegate my child to unnecessary institutionalization, homelessness, or worse. Please support me and all individuals with disabilities by doing everything within your power to prevent cuts to Medicaid.

Thank you.
